

Just A Wild Thought

# Pathfinder

Community Coaching

Enough with the *shoulds* and the *what ifs* driving your life. It's time to discover, define, and give rise to your deepest longings and your most authentic self.

The journey to fulfillment can be daunting, but with the Pathfinder Community Coaching Program, it doesn't have to be. Join a community of like-minded individuals who are ready to dive deep, discover what makes them unique, and step into action to reach their goals.

For 6 months, we'll meet for a 90minute session twice a month with prompts and homework in between sessions. Each week will dive into a different topic, getting you one step closer to clarity and confidence. By joining, you'll not only meet this intimate group but you'll also gain access to the Just A Wild Thought Coaching Collective group featuring weekly events, discussions, and additional prompts for folks on every step of their journey.

## Program Outcomes:

1. Discover your life-purpose and set it into motion
2. Define your values and learn how to honor them
3. Map out your journey and gain clarity
4. Build confidence and overcome barriers
5. Create connection and community
6. Reach your fulfillment destination

# The Journey Ahead

Justine has this fantastic ability to cut through the noise in my head and see things for what they are. She can make me feel like I am her only client in the midst of a group coaching session with how laser focused she is on each of us in turn. Her ability to cultivate a group space that values vulnerability and growth, where every member is valued even in their most challenging moments, is invaluable.

- Jen
